Here's how it works

Two days before your item is due at the library,

if it is eligible to be renewed and there is no hold placed on the item, it will be automatically renewed.

If you have an email address in your account, you will receive an email about the items that were renewed, and the ones that were not.

If you do not have an email address in your account, you can check on the due date of items by using the "My Account" tab in the catalog or by contacting the library.
